Peterson & Dering

GROWERS OF FAMOUS OREGON ROSES

SCAPPOOSE, OREGON

WINNERS FOR 1948

The six 1948 award winners featured on these two pages were the outstanding roses in a field of 30 some-odd tested. They have done especially well on the Pacific Coast. By planting one or more of each variety in your garden, you can judge whether they are as outstanding in your locality as they were in the official test gardens.

PINKIE (Plant Patent No. 712)

Although this unique pink rose is a Polyanthus—or Baby Rose—its blooms have a perfection of form not heretofore found in this class. The dainty little bud is long, slender and perfect in every detail. When fully open, the flower is about 2 inches across and has from 14 to 16 petals. This free-blooming plant, which is 1 foot high and 1½ feet across, with its clean looking foliage and the tendency of the old flower petals to drop off cleanly is ideal for use in a dwarf hedge.

Price: \$2.00 each or 3 for \$5.00

PINKIE (Plant Pat. No. 712)

DIAMOND JUBILEE (Patent Rights Reserved)

A warm glowing buff-orange rose of surpassing loveliness on a plant which is most attractive in itself. The shapely, heavy textured petals do not fade or burn, rather intensify in color as they open. An "Old Rose" fragrance enhances the general effect. The plant is sturdy and full growing from 3 to 3½ feet and the stems are long and straight.

Price: \$2.00 each or 3 for \$5.00

DIAMOND JUBILEE (P.R.R.)

SAN FERNANDO (Pat. Pending)

SAN FERNANDO (Patent Pending)

A great improvement over other reds in its class this scarlet-red rose with its old Hybrid Perpetual fragrance has long straight stiff stems and a good foliage. Ideal for cutting—a bouquet of San Fernando will scent up an entire room. Grows from 2½ to 3 feet.

Price: \$2.00 each or 3 for \$5.00

HIGH NOON (Plant Pat. No. 704)

HIGH NOON (Plant Patent No. 704)

AARS All the concentrated essence of brilliant sunshine at midday is displayed in the lovely clear shining yellow buds of this extraordinary Climber or Pillar Rose. The plant is luxuriant, bushy, many-stemmed and reaches 8 feet. Each plant produces a large crop of beautiful long-stemmed buds and continues to produce additional bursts of blooms throughout the entire growing season as does a bush Hybrid Tea. An outstanding climber, it should do exceptionally well in mild climates. Sectionally recommended Pacific Coast.

Price: \$2.50 each or 3 for \$6.25

NOCTURNE (Plant Patent No. 713)

AARS The long, bright cardinal-red buds of this new rose are lovely to behold. Pleasantly fragrant, the large petals with dark shadings of chrysanthemum crimson have good substance, are richly textured, and there is an abundance of them so that the flowers last a long time. Grows from 2½ to 3 feet tall.

Price: \$2.00 each or 3 for \$5.00

*A collection of one each of the
six 1948 A. A. R. S. winners
will be \$10.40*

TAFFETA (Plant Patent No. 716)

AARS Nationwide tests indicate that this richly colored rose will be a success in all sections of the country. The perfectly formed, long-stemmed buds and well-shaped flowers are exceptionally fine for cutting. Plant is moderately bushy with large glossy, dark green leaves. Medium size grower—2 to 2½ feet.

Price: \$2.00 each or 3 for \$5.00

TAFFETA
(Plant Pat. No. 716)

NOCTURNE
(Plant Pat. No. 713)

The above photo of our field was taken in July when our roses were in full bloom. The 500,000 plants growing in this field at that time were in full bloom and each plant averaged 20 blooms, making a total of 10,000,000, which was a sight to behold. Our customers are invited to visit our fields during the months of June, July, August and September to enjoy with us such grandeur of color.

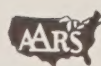

***T**HIS IS OUR 24th year of growing roses and our 15th year in the Scappoose Soil Conservation and Diking District where the soil is especially adapted to the growing of roses. The soil in this locality has earned for us the reputation of Oregon's best source of good roses. We are licensed growers of the leading rose hybridizers and introducers in the United States.*

Space does not permit us to list in color all of the varieties we grow, so we have selected what we feel are the very finest varieties for the Pacific Coast. Other varieties are featured on the back of our order sheet. Roses ordered from that sheet will be shipped promptly with your order selected from the catalog at the prices indicated.

We have hundreds of free testimonial letters from our many customers stating that our roses were the finest ever received by them. We feel sure you, too, will think the same when your order of roses arrives.

PEACE

(Plant Patent No. 591) Pictured on Front Cover

The only AARS winner for 1946, this is one of the loveliest roses of our century. As the golden yellow buds, etched with pink open, they change from canary-yellow, to pale gold, to iridescent cream. Unusually large flowers are borne on heavy stems which lift them proudly above the mass of shining holly-like foliage. Well shaped bush, 3 to 3½ feet.

Price: \$2.00 each; 3 for \$5.00; 6 for \$10.00; 12 for \$20.00

OTHER PATENTED ROSES

WHAT THE MEANS TO YOU

The All-America Rose Council is a group of rose hybridizers, introducers and commercial rose men joined together for the purpose of testing and selecting the best of the new roses introduced each year.

There are 18 official test gardens located in different sections of the United States. A judge at each garden sends in his scores on the individual varieties being tested. These scores are then compiled and the roses averaging the highest scores are given AARS awards for that year. Any rose with the insignia "AARS" means that rose received the award the year it was introduced.

FRED EDMUNDS (Plant Patent No. 731)

 Burnt-orange buds open to beautiful 25-petaled blooms of a vivid coppery orange color which slowly changes to soft apricot. One of the earliest roses to bloom in the spring, this rose with its holly-like, very shiny foliage, has a rich fruity fragrance. A small grower—1½ to 2 feet tall. Sectionally recommended Pacific Coast.

Price: \$1.50 each or 3 for \$3.75

FRED EDMUNDS (Plant Pat. No. 731)

LOWELL THOMAS (Plant Patent No. 595)

 25-petaled blooms open from beautiful yellow buds into a high-cupped center with the petals rolling outward, making magnificent lemon-chrome flowers over 4 inches across when fully open. The rich yellow blooms with their slight tea fragrant are on strong, erect stems and have large, lustrous, green foliage. Grows from 3 to 3½ feet in height.

Price: \$1.50 each or 3 for \$3.75

LOWELL THOMAS (Plant Pat. No. 595)

THE CHIEF (Plant Pat. No. 453)

THE CHIEF (Plant Patent No. 456)

AARS The buds vary with the weather from deep rose to flame, opening to a full flower of flame, coral and copper and changing to an unusual shade of orange-pink as the flowers age. The gigantic blooms of rich, fruity fragrance are borne singly on exceptionally long stems. A vigorous, spreading plant, it is remarkably resistant to mildew. Grows from 2½ to 3 feet tall.

Price: \$1.50 each or 3 for \$3.75.

CHARLOTTE ARMSTRONG (Plant Patent No. 455)

AARS A rose amazingly beautiful in all stages from the long, slender, rich carmine buds through the magnificent, brilliantly colored spectrum-red flowers to the still lovely full-blown blooms of rich cerise. The streamlined buds are produced in large quantities during the season and are ideal for cutting. Vigorous, free-branching grower with disease resistant foliage. Height 3 feet.

Price: \$1.50 each or 3 for \$3.75.

HEART'S DESIRE
(Plant Pat. No. 501)

CHARLOTTE ARMSTRONG (Plant Pat. No. 455)

HEART'S DESIRE (Plant Patent No. 501)

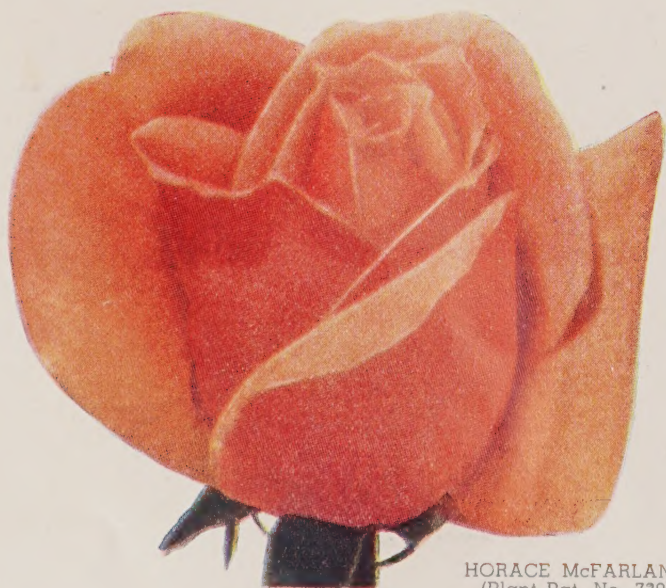

AARS The superb blooms of rich scarlet have long stems. A haunting perfume adds to its perfection. Heart's Desire is a must for every rose garden. A tall grower—3 to 3½ feet.

Price: \$1.50 each or 3 for \$3.75.

HORACE McFARLAND (Plant Patent No. 730)

AARS Long-pointed buds of orange-pink and flowers of apricot-pink, salmon-buff to coral-pink are produced freely throughout the entire season. A prolific grower, the large flowers have 45 petals. Plant—clean, upright—2½ to 3 feet tall.

Price: \$1.50 each or 3 for \$3.75.

HORACE McFARLAND
(Plant Pat. No. 730)

MME. CHIANG KAI-SHEK (Plant Patent No. 664)

 Perfectly chiseled petals clasped in long, spiral buds, unfurl slowly, culminating in light clear canary yellow flowers of perfect proportions. This tall, stately plant with its delicate, pleasing fragrance, has blooms which are long-lasting. 3 to 3½ feet tall.

Price: \$1.50 each or 3 for \$3.75.

MME. CHIANG KAI-SHEK (Plant Pat. No. 664)

MIRANDY (Plant Pat. No. 632)

MIRANDY (Plant Patent No. 632)

 Displaying new beauty of form as the deep, rich, dark red petals unfold, this rose opens to a lovely chrysanthemum red color such as the perfect red rose should have. As the flower ages it does not turn blue and does exceedingly well in warm weather. Mirandy has a full-bodied delicious fragrance and is a free bloomer. 2½ to 3 feet tall.

Price: \$1.50 each or 3 for \$3.75

GRANDE DUCHESSE CHARLOTTE (Patent Pending)

 Long, streamlined buds of burnt-orange open to firm-petaled blooms which gradually change to a lovely begonia-rose—a color not known in any other rose. An ideal cut flower with a hint of carnation perfume. Tall, upright—height 3 feet.

Price: \$1.50 each or 3 for \$3.75

KATHERINE T. MARSHALL

(Plant Patent No. 607)

 Long and pointed buds of deep coral-pink open slowly to a warm, glowing pink rose of rare beauty and delicacy of form. Blooms are 5 inches across and are cupped. Tall grower—2 to 4 feet; rain, heat and disease resistant.

Price: \$1.50 each or 3 for \$3.75

KATHERINE T.
MARSHALL
(Plant Pat. No. 607)

GRANDE DUCHESSE CHARLOTTE (Pat. Pending)

MARY MARGARET McBRIDE
(Plant Pat. No. 537)

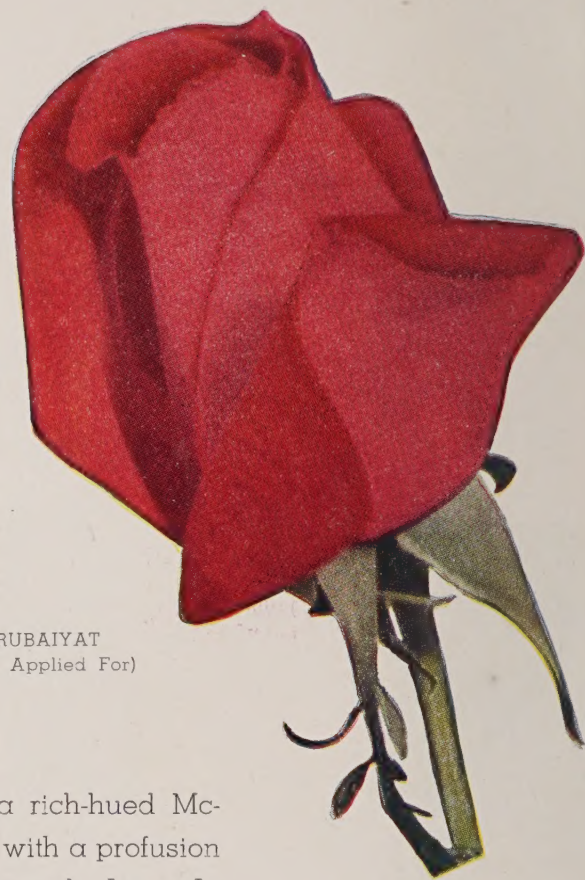

MARY MARGARET McBRIDE

(Plant Patent No. 537)

A lovely exhibition rose with long-pointed deep coral-pink buds and blooms of clear, deep coral-pink suffused with shimmering gold at the base of the petals. Despite the hottest weather the pink never fades. Plant 2 to 2½ feet tall.

Price: \$1.50 each or 3 for \$3.75

RUBAIYAT
(Pat. Applied For)

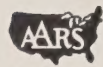

RUBAIYAT (Patent Applied For)

The 1947 AARS winner is a rich-hued McGredy's rose that is light red with a profusion of large, graceful buds appearing in early June. In the fall it is a deeper red than during the warmer weather. Vigorous and free blooming, it grows from 3 to 3½ feet. Remarkable, disease-resistant foliage.

Price: \$2.00 each or 3 for \$5.00

APRICOT QUEEN (Plant Patent No. 464)

Orange and apricot at the base of the petals merge to a salmony rose and phlox pink in the fully developed bloom. Healthy leathery foliage serves as a foil to the perfectly formed buds and open blooms. Medium size grower—2½ to 3 feet. Sectionally recommended Pacific Coast.

Price: \$1.50 each or 3 for \$3.75

APRICOT QUEEN (Plant Pat. No. 464)

CALIFORNIA (Plant Patent No. 449)

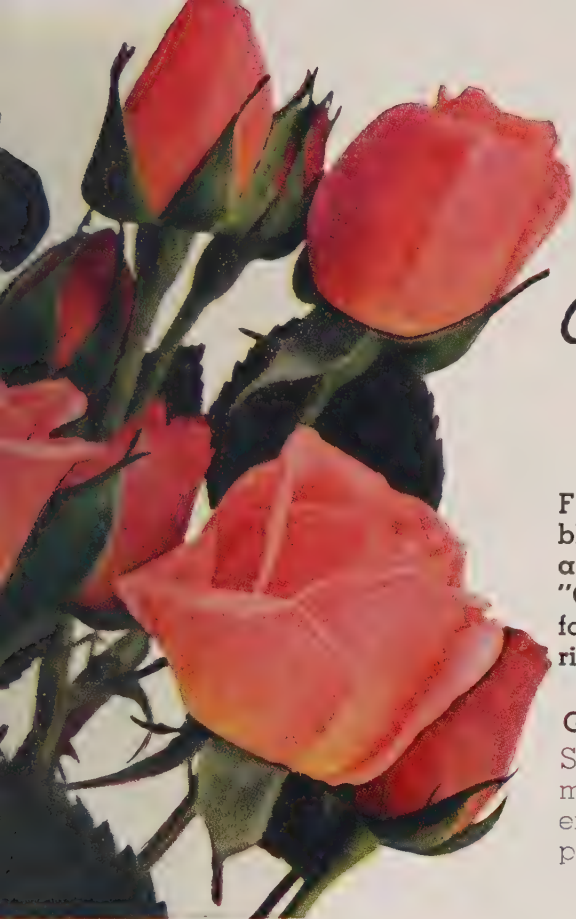

A glorious shade of ruddy orange toned with saffron yellow—a dual tone effect of indescribable richness and beauty. Buds are long and pointed. A spreading grower — 2 to 2½ feet high. Sectionally recommended Pacific Coast.

Price: \$1.50 each or 3 for \$3.75

CALIFORNIA (Plant Pat. No. 449)

PINOCCHIO (Plant Pat. No. 484)

WHITE WINGS (PAF)

Like stars at night the silvery white petals stand out above the laurel green foliage. Height—2 to 2½ feet.

Price: \$1.50 each or 3 for \$3.75

WHITE WINGS (Pat. Applied For)

P & D'S

Collection of Five

For persons wanting a large amount of blooms for cut flower purposes from only a few bushes, we highly recommend this "Collection of Five". Our special price for this collection of one each of five varieties is \$5.75.

GLORIOUS (PRR)

Sprays bearing informal clusters of deep vermillion buds expand into semi-double flowers of Tyrian rose. Just the thing for mass planting or grouping. 2 to 2½ feet tall.

Price: \$1.50 each or 3 for \$3.75

GLORIOUS (P.R.R.)

PINOCCHIO (Plant Pat. No. 484)

Quantities of beautiful buds, salmon-pink, flushed with gold, literally cover the plants from spring to frost. Height—1½ to 2 feet.

Price: \$1.25 each or 3 for \$3.15

RED RIPPLES

A clear, true red in both bud and bloom this prolific grower will give you a mass of brilliant blooms throughout the season until all the other roses are gone in the fall. Tall grower—3 to 4 feet.

Price: \$1.25 each or 3 for \$3.15

RED RIPPLES

DAINTY BESS

DAINTY BESS

This single shell-pink rose has no equal in its class. Because it is ideal for arranging purposes as a cut flower it is a must for every garden. Grows from 3 to 3½ feet.

Price: \$1.25 each or 3 for \$3.45

ETOILE DE HOLLANDE
\$1.25 Each

Peterson & FAMOUS PREMIUM

The ten roses featured in our Famous Premium Collection have won literally hundreds of premiums and first prizes in every rose show on the Pacific Coast. These outstanding roses are all illustrated on the two pages, 10 and 11.

OTHER PATENTED ROSES

The following patented roses are what we believe to be the very finest for the Pacific Coast region. Every garden should contain one or more of these varieties for a continuation of roses throughout the season.

ECLIPSE (Plant Patent No. 172)

This streamlined rose with its tapering buds is one of the best all-purpose yellow roses in any climate. No wonder it ranks as one of the 10 favorite roses in America! Disease-resistant, this vigorous plant grows from 2 to 2½ feet tall.

Price: \$1.35 each or 3 for \$3.45

COUNTESS VANDAL (Plant Patent No. 38)

Noted for its long, tapering streamlined buds of orange-copper that open to perfumed blooms of carmine-pink, buff and gold. The long slender buds hold their artistic shade for several days. Plants 2 to 2½ feet high.

Price: \$1.35 each or 3 for \$3.45

COPYRIGHT

ECLIPSE (Plant Pat. No. 172)

COUNTESS VANDAL (Plant Pat. No. 38)

SHOW GIRL (Plant Pat. No. 646)

SHOW GIRL (Plant Patent No. 646)

Long buds of rich, deep, phlox-pink are borne on equally long stems which makes this rose perfect for cutting. Because of its heavy textured petals, Show Girl lasts a long time. Just enough fragrance to give it character. Tall—3 to 3½ feet,

Price: \$1.50 each or 3 for \$3.75

COPYRIGHT

REX ANDERSON (Plant Pat. No. 335)

REX ANDERSON (Plant Patent No. 335)

A lovely ivory-white exhibition rose with a soft and fascinating scent. The slow-opening blooms are perfectly formed and the fully double flowers may be grown to an enormous size. Height 3 to 3½ feet.

Price: \$1.50 each or 3 for \$3.75

PANORAMA (Plant Patent No. 614)

A rose of unique contrast with an "Old Rose" fragrance. Each silken petal is gloriously bathed with deep live rose-pink. The reverse is silvery buff slightly suffused with pink. Medium size—2 to 2½ feet.

Price: \$1.50 each or 3 for \$3.75

PANORAMA
(Plant Pat. No. 614)

CYNTHIA BROOKE (Plant Patent No. 551)

Rounded buds of salmon-orange. When petals unfold, inside reveals rich contrasting golden yellow which softens to pastel shades and finishes pinkish orange on outside of petals and buff-yellow inside. About 2 to 2½ feet tall.

Price: \$1.50 each or 3 for \$3.75

CYNTHIA BROOKE (Plant Pat. No. 551)

MME. HENRI GUILLOT (Plant Patent No. 337)

The large, firm petals open slowly and each richly fragrant flower of shining raspberry-pink is held erect above the large, glossy foliage. A spreading grower—2½ to 3 feet.

Price: \$1.50 each or 3 for \$3.75

MME. HENRI GUILLOT (Plant Pat. No. 337)

SWEET SIXTEEN (Plant Pat. No. 631)

SWEET SIXTEEN (Plant Patent No. 631)

An early bloomer—you will be cutting these lovely light pink buds with tints of rose ahead of most other roses in your garden. The long tight buds, half unrolled blooms, and the large-petaled flowers are magnificent in their perfection of form. Grows from 3 to 3½ feet.

Price: \$1.50 each or 3 for \$3.75

GOLDEN HARVEST (Plant Patent No. 729)

An outstanding exhibition rose with clear golden yellow blooms. This vigorous spreading grower is fragrant and grows from 3 to 3½ feet tall.

Price: \$1.50 each or 3 for \$3.75

GOLDEN HARVEST (Plant Pat. No. 729)

MRS. H. M. EDDIE (Plant Patent No. 753)

This gorgeous white rose is relatively new in the United States but in Canada where it was originated, it is reputed as being a remarkable rose. Round, bushy plants—grows from 2 to 2½ feet.

Price: \$1.50 each or 3 for \$3.75

MARK SULLIVAN (Plant Patent No. 599)

A spectacular multi-color rose whose blooms show a remarkable blending of color tones; rich gold heavily veined and shaded with deep rose-pink and cerise, 4 to 4½ inches across. A rich, honey fragrance predominates. Height—2½ to 3 feet.

Price: \$1.25 each or 3 for \$3.15

MRS. H. M. EDDIE
(Plant Pat. No. 753)

MARK SULLIVAN (Plant Pat. No. 599)

**PLEASE READ
BEFORE
ORDERING**

Shipping Dates

All shipments are pre-paid by us. Your order will be shipped at the proper planting time unless exact date is specified.

Our Guarantee

We guarantee every plant shipped by us to be No. 1 Grade or better. P. & D. Roses will bloom the first blooming period after planting. Failing to do so, we will replace the plant or refund its cost the following season.

Another variety of the same color and quality will be substituted should we be out of the variety you ordered. If you do NOT wish this, please indicate so at the right and a refund check will be mailed to you. ☐

How to Remit

The safest way to send payment is by Check, U. S. Postal Notes, or by Post Office or Express Money Order. We will not assume any responsibility if stamps or cash are sent unless sent by registered mail. Remittance in full should accompany all orders. No C. O. D. orders accepted.

See

"Planting Instructions"
on reverse side.

PLANTING INSTRUCTIONS

Dig a hole 18 inches deep and 15 inches wide. Mix the bottom 6 inches of soil with well rotted cow manure or leaf mold and add to this one cup of bone manure or another well balanced plant food. Be sure that at least 4 inches of soil is placed on top of this fertilizer.

Spread out the roots.

Set plant with collar or bud union 1 inch below the surface of the ground. Fill in hole with top soil and tramp thoroughly around plant, leaving a slight hollow around plant. Water thoroughly. Cut tops back to 6 inches. Plant bushes 16 to 18 inches apart.

In dry summers, plants should be watered at least once every two weeks. Plant your roses where they will get sunshine at least one-half of the day.

These Oregon Grown Roses with proper care will bloom for you all summer and fall.

If planted in a region having severe winters, after the plants have become dormant in the fall hill up soil around bushes, covering about 6 inches of the tops. Then cover all but 6 inches of the bush with straw, leaves or other similar material. This material can be held down with burlap or boards.

Roses listed below will be shipped with other items ordered on the opposite side of this page. No special group prices are available on this list. One or more of each variety is sold at the each price only.

FANTASTIQUE (Plant Pat. No. 574)

FANTASTIQUE

(Plant Patent No. 574)

Daintily colored like a Picotee tulip, the base color of this rose is light maize-yellow with the edge of each petal feathered with carmine. Fantastique, with its sweet clover scent, is an early and bountiful bloomer. Grows about 1½ feet.

**Price: \$1.25 each or
3 for \$3.15**

DEBONAIR (Plant Pat. No. 677)

DEBONAIR (Plant Patent No. 677)

The tightly rolled bud, which is a mimosa yellow, opens to a many-petaled high-centered full bloom of primrose yellow becoming paler as the bloom opens out flat. Grows compact—2½ to 3 feet.

Price: \$2.00 each or 3 for \$5.00

HECTOR DEANE (Plant Pat. No. 361)

HECTOR DEANE (Plant Patent No. 361)

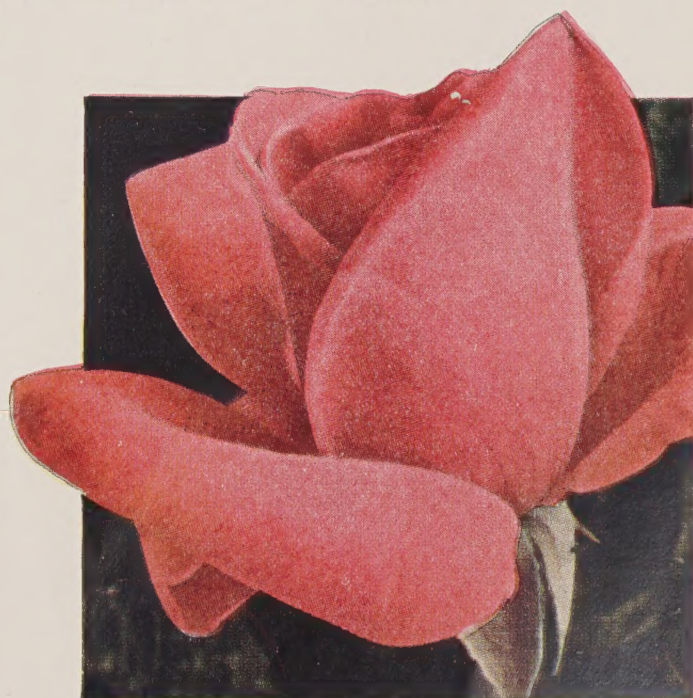

The unusual hues of this rose create a center of attraction in any garden. Buds are long-pointed and crimson with an orange tinge at the base, opening into an unique artistic petal formation. About 2½ feet in height.

Price: \$1.35 each or 3 for \$3.45

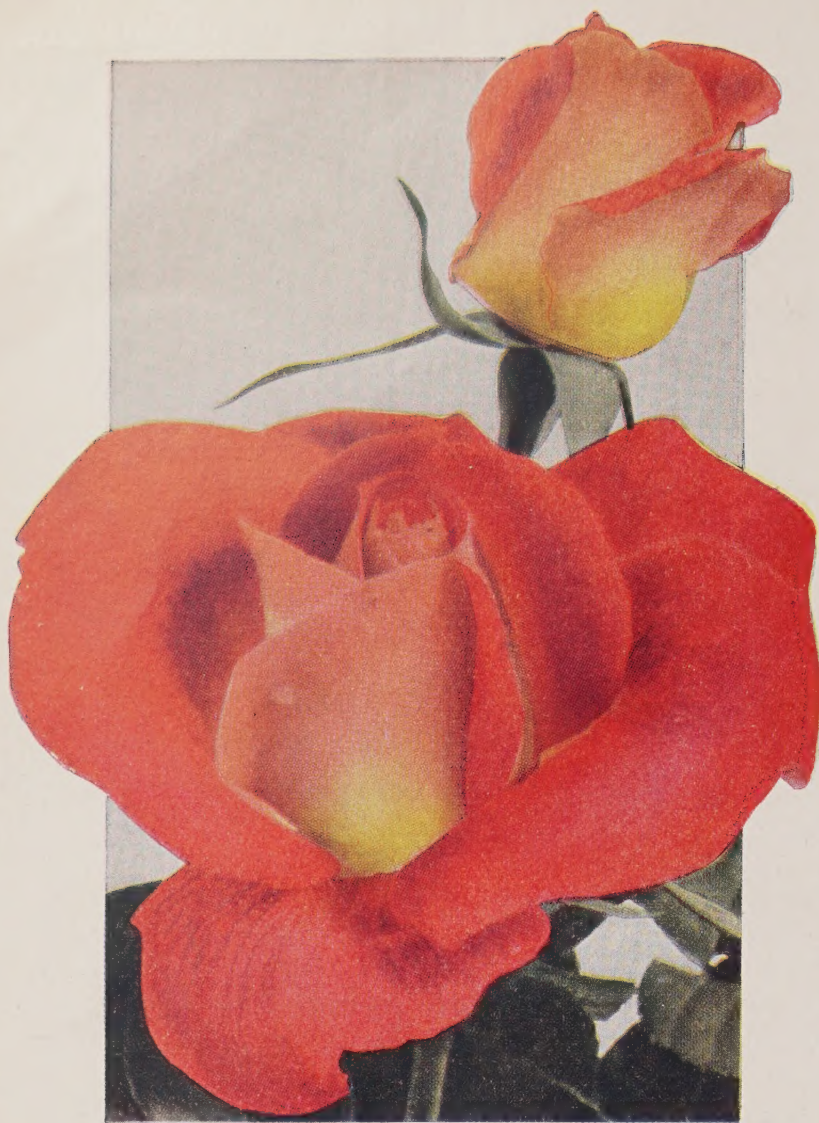

SANTA ANITA (Plant Patent No. 539)

Perfectly formed buds unfold into glorious flowers of crystal clear, peach-blossom pink. The limpid color, delicate scent and exquisite form make Santa Anita one of the outstanding pinks. An early and continuous bloomer throughout the season. Height—2 to 2½ feet.

Price: \$1.25 each or 3 for \$3.15

SANTA ANITA (Plant Pat. No. 539)

SATURNIA (Plant Pat. No. 349)

SATURNIA

(Plant Patent No. 349)

One of the most outstanding roses for the Pacific Northwest, this rose with its fruity fragrance creates a warmth of tone which is difficult to describe. The face of the large petals is a brilliant cardinal-red while the reverse is salmon-yellow and copper. It is so effective in bouquets that every one should have at least six or twelve of this variety for a mass of cut flowers at all times. Grows from 2 to 2½ feet.

**Price: \$1.50 each; 3 for \$3.75; 6 for \$7.50;
12 for \$15.00**

CRIMSON GLORY

(Plant Patent No. 105)

One of the most popular roses in America for many years, this rose, with its urn-shaped buds, develops into full, high-centered blooms of deep, vivid crimson. The fascinating fragrance of Crimson Glory is one of the reasons it is one of the 10 most popular roses in the United States. A prolific grower, it grows from 2½ to 3 feet.

**Price: \$1.50 each; 3 for \$3.75; 6 for \$7.50;
12 for \$15.00**
